Thrill The World 2009

Message from Ines Markelle

Creator & Director of Thrill The World

Dear Participants of Thrill The World,

Thank you for being a part of the 3rd annual Thrill The World: a worldwide simultaneous dance of Michael Jackson's "Thriller."

This project could not be possible without people like you. Through your commitment and charity work in TTW, you are making a difference in this world...and hopefully having a great time doing it! Keep pursuing your dreams, since you've helped me realize a dream by watching as the world comes together in dance.

Now that you have completed the dance, there are some last minute details that will help ensure you receive a memento of this amazing experience. Please make sure that your full name and email address are neatly and legibly filled in on the Waiver & Sign In Sheets. Thrill The World 2009 Certificates of Participation can only be emailed to individuals who entered their full name and a correct email address.

[If you do not have an email address, tell your Event Manager to receive the certificate for you and arrange to pick it up in November.]

The names of all participants, whose names appear legibly and checked off in the box stating they wish their name to appear on the list, will appear on the 2009 Participant List on www.thrilltheworld.com.

If you wish to double check your info submitted on the Waiver & Sign In Sheets please find an event volunteer before you leave today.

If you wish to contact the Event Manager for the event you attended, you can reach them here.

Name: Graham Lea
info@ttwvancouver.com

I hope you keep dancing and know that now you are capable of so much more than you first believed.

Your continued support is what makes this happen. Please check out www.inessens.com for upcoming dance DVDs, workshops and other local and global special events.

Yours in dance & joy,

Ms. Ines Markelle
